

# Lighting and Grip Technician

## (RENTAL TECHNICIAN)

2D House is looking for a Lighting and Grip Technician to join our team on a Full-time basis. As an industry leader in service and quality, we are always aiming to go above and beyond our client's expectations. We offer a wide range of services including Camera Equipment, Lighting and Grip gear, Package Trucks and Motion Control Robots. These services, along with our unique Studio facilities, make 2D House one of the most turnkey production service companies in Toronto, providing our clients the tools to excel on set and reduce their carbon footprint.

### About The Role

The Lighting and Grip Technician (Rental Technician) plays a vital role at 2D House. This position involves maintaining, servicing, and managing all lighting and grip equipment to ensure smooth operations for our clients. The ideal candidate will be highly organized, adaptable, and capable of working both independently and collaboratively in a fast-paced environment.

### Responsibilities

- Manage inventory for warehouse and package trucks, including check-ins, check-outs, and integration of new equipment with barcoding.
- Prepare, inspect, and perform quality control on incoming and outgoing rental orders to ensure standards are met.
- Troubleshoot, maintain, and perform minor repairs on lighting and grip equipment.
- Provide technical assistance and educate clients on proper equipment use, including remote support via phone or email.
- Collaborate with the customer service team to meet client rental needs.
- Maintain a clean, organized, and safe workspace.
- Stay updated on the latest industry tools and best practices.
- Perform additional tasks as assigned to support operational success.
